CAREER OBJECTIVE

Full-stack web developer with hands-on experience designing, building, and deploying **responsive web applications and business systems**. Experienced with JavaScript, Python, Supabase/PostgreSQL, Firebase, and modern deployment workflows. Currently completing a B.Sc. in Information & Communication Technology while building real-world solutions across e-commerce, education, maritime operations, and corporate web development.

PROJECT EXPERIENCE

Kathy Fashion — E-Commerce Store

Full-Stack Developer

- Built a responsive online store with product browsing, cart, wishlist and checkout workflows.
- Implemented secure authentication, localStorage cart and dynamic product images.
- Integrated EmailJS for order confirmations and receipts.

Tech: HTML, CSS, JavaScript, Supabase, PostgreSQL, Vercel

Eastgate Academy — School Management Platform

Full-Stack Developer

- Designed and built a live school management platform used by staff, parents and students.
- Implemented role-based authentication with separate admin, teacher and parent workflows.
- Built student results management with automated grading, filtering, publishing and duplicate-entry prevention.
- Developed report-card PDF generation and bulk class/term downloads.
- Implemented announcements, admissions, fee information and automated notifications.

Tech: HTML, CSS, JavaScript, Supabase, PostgreSQL, Row-Level Security, Vercel

MARPOL Operations Dashboard

Front-End Developer

- Designed an operational dashboard to monitor maritime environmental compliance and port operations using data visualization and status indicators.

Tech: HTML, CSS, JavaScript

Corporate Law Firm Website

Full-Stack Developer

- Built a professional corporate website focused on trust, clarity, and a strong client-facing user journey.

Tech: HTML, CSS, JavaScript

SOFT SKILLS

Problem-solving and debugging

Self-motivated and eager to learn

Adaptable and quick to pick up new technologies

Excellent time management and focus

Strong attention to detail in UI/UX and design

Clear communicator and collaborative team player
